

**Crack Cocaine is the Devil's Candy**

**Here is why:**

***Feeling possessed  
by the crack-bite is  
the loneliest,  
darkest, sickest,  
most ugly gnawing  
and truly captivating  
all consuming  
demonic place to be!***

turn your  
desperation into  
hope and desire.**

**To do this we  
must first bring  
fresh new air into  
our soul by doing  
the exercise on  
Day 1 on the  
following page:**

# Day 1

## Beginning of Changing

This day is the **beginning of changing** your current life. This is just the beginning so relax; everything will work out according to God's perfect plan.

Close your eyes and gently visualize the opposite of the madness that got you to Day 1 of this journey. Find the relax mode inside yourself. Breathe deep and slow. On one time of breathing like this, hold the air in for 10 seconds counting slowly. Then force yourself to let it out VERY slow. Feel how relaxing that is? This feeling will be very important throughout this journey. Learn this technique and remember this feeling. Repeat this as often as necessary to keep as relaxed as possible under the circumstances caused from smoking crack cocaine.

~ 1 Corinthians 3:1, 2 ~

*Brothers, I could not address you as spiritual but as worldly—mere infants in Christ. I gave you milk, not solid food, for you were not yet ready for it. Indeed, you are still not ready*

---

**Quip of the day:** Dear God: Please help me become the person my dog thinks I am.

**The next accomplishment is to forgive:**  
~ the next page will help that ~

**YOU ARE NOT responsible for being**

**“Attacked by Crack” but you are  
*responsible*  
for attacking crack back now that you  
have permission to do that and have  
found the weapons arsenal against crack!**

***This applies whether you are a smoking  
crackhead or a non-smoking crackhead!***

***The next page will  
expose the time  
wasted on  
crack...***

***How much more time are  
you going to give crack?***

## Day 2

### Create a File

Right at this moment you are away from the madness. **Create a file** of this feeling in your head and file this reality feeling away for future reference.

The time you are spending starting this journey to better your life is not wasted. Any time spent on crack cocaine in any capacity is wasted. You might be feeling like all this is a waste of time, but it is at this moment not a waste of time. Time spent on crack cocaine wastes so much time and right now you have no way of knowing exactly how much. No more wasting time on crack cocaine.

~ 1 Peter 4:3 ~

*For you have spent enough time in the past doing what pagans choose to do—living in debauchery, lust, drunkenness, orgies, carousing and detestable idolatry.*

---

**Quip of the day:** Instead of counting your days, make each day count.

**OK...now what?**  
*Continue on you will find it*

## **Why this program?**

Because of the harsh reality of what a stupid punk crackhead I had become, gives me the ability to do just that, give you words to attack crack so you too can conquer crack cocaine and be free forever just like I am.

The desire to be free and pissed at crack cocaine strangely at the same time is what is needed because crack cocaine came close to destroying my life and is trying to destroy yours right now, and that is even if you do not smoke crack cocaine but are around it in some capacity. This Program in this format is what saved my life. Being without the 75 Day Program to protect your soul and help stop the crack madness in your life is what allows the enemy to send a successful spiritual onslaught to get you to continue to smoke crack cocaine.

**I have about 30 more seconds to convince you that you have found what you are looking for...so STOP looking and start doing!**

***Take a moment to answer a few questions on the next page to help you start attacking crack cocaine...***

- 1. Are you pissed enough at crack for taking everything you love?**
- 2. Are you tired of all your money being spent on crack?**
- 3. Are you about to be really alone?**
- 4. Are you sick of seeing and hearing the hurt and anger from loved ones?**
- 5. Are you trying too hard to remember all your lies?**
- 6. Are you sick of being labeled and called a crackhead?**
- 7. Are you tired, I mean really tired of being really tired?**
- 8. Are you not trusted?**
- 9. Are you blaming everything and everyone and not crack or you?**
- 10. Are you tired of the consequences for just smoking crack?**
- 11. Are you tired of everyone telling you what you need to do? – besides me 😊**
- 12. Are you willing to follow exactly as described to stop crack?**
- 13. Are you pissed at crack yet?**

**Would you like to go from this:**

**To this?**

***What are you willing to do for this?***  
***...continue for some book excerpts from***  
***our other 3 books and some more from the***  
***75 Day Program book...***

**...from Devil's Candy by Todd Gibson:**

*The journeys that crack took me on, ended up being many blessings. It exposed me to the evil side of life. It is there that I found and ate and loved the "Devil's Candy". This hideous stuff could be nothing but evil.*

*The insanity of smoking crack and doing nothing else but smoking crack every awake moment of everyday is maddening. I had a relentless desire to smoke crack at any and all expense. I did this no matter what, no matter who, no matter how, no matter why, no matter when, no matter where, no matter...it was truly a horrible passion.*

**...from Agape Love by Marilyn Lyon:**

*Some would consider this enabling. This is a word that became part of my vocabulary three months after I was assaulted with Todd's crack-crap. This I feel is because they do not understand anything about crackheads. They think it is the same as alcoholism. It's not. They both are devastating substances, but that is the only thing they have in common. Overeating can be devastating, yet no one has suggested that we send crackheads to weight watchers as another quick fix for society's mounting endangerment from crack cocaine. There is a very fine line as to this being enabling. One can only follow their heart. Each case is different. There are no experts regarding crackheads. There are no rules written in stone. Not yet, anyway.*

**...I Love A Crackhead by Camille Gibson:**

*You may think it is hopeless, but hope anyway. You may think you are losing, but never, never surrender. Believe me you can win this battle. My family is living proof.*

*When you are finished reading this book, you will understand that crack cocaine is not just an addiction. Crack cocaine is an entity. A truly evil entity with a mission to kill the user and destroy all those they love. Scattered within these pages is an arsenal filled with weapons, tools and armor. Gather them up, they just might make the difference between life and death.*

**...from Destroy Crack Cocaine in 75 Days**

*Nothing gets in the way of crack cocaine once it has possession. Standard treatment does not address the extreme possession that does occur during crack cocaine use. From experiences and truths, we need to be careful if we treat crack cocaine just like any other drug. Crack cocaine does take you over and possess your body, soul and spirit. Crack cocaine goes as far as completely possessing and then destroying your body, soul and spirit.*

**All 4 of our Program Books directly aim at crack cocaine with the idea "shoot to kill" – on the 1<sup>st</sup> Shot!**

**...continue on to see more real testimonies**

**From Laura:**

And then you sent me your books through e-mail. I was extremely skeptical because I thought I'd read it all. I read your first, The Devils Candy. The preface (above) is what hooked me instantly. Never had someone talked so truthfully and straight forward about crack. "evil side of life" "nothing but evil" "truly a horrible passion" "spiritual battle" "an onslaught like a wave of evil" "feeling possessed" "ugly gnawing and truly captivating all consuming demonic place to be"... All within the preface!! Your raw honesty about it, the incredible powerful and truthful words to describe the crack hell made me realize, hey this guy knows what's going on!!! And oh my gosh he said CRACK and that he HATES it!! And I can HATE IT TOO!!!

**From Brian:**

Todd,

My dad called and said Brian you have to check out the website-I said I'm done with this recovery crap.He than said I promise you that if you read a poem on the website and it doesn't bring tears to your eyes I will never ask you to check out another website. I said deal b/c of that poem called My Name is Crack and the DVC Ministry, the circle game has finally stopped.

**From Randy:**

The part where your Mom talks about George Medzerian and outlines his 4 steps to dealing with crackheads. This was a WOW moment for me that showed that this was different that just the same ole NA/AA crap!

Chapter 4....showed me that there was hope and that there was things I could do right then to begin to fight back...."*When you are fully contaminated and in the midst of despair, anything or just something could help. Doing nothing won't.*"

*I hope I have shown you hope...hope that crack can be conquered forever!*
